## Back in Time

Are you an original owner? Do you remember how beautiful Christie Village used to be? Even if you don't, you are going to love the website and pictures shared by the original architect of Christie Village, Frank Schlesinger. We contacted him to discuss Christie Village, and Frank told us he won a prestigious award for the design! Just click on the link below, wait a moment for the Schlesinger logo to go away, and enjoy. OK, so Frank spelled it "Christy", but so do many others. We'll give him a bye on that one, especially since he did such a great job of documenting our past!
